

KinderKollege Primary School – COVID-19 Response Plan

KinderKollege is committed to creating a safe and healthy school environment. Please review our plan for the school year ahead

Cleaning & Sanitation

All surfaces, furniture, equipment & manipulatives will receive regular, scheduled, thorough cleaning and sanitation using only Health Canada approved products which have been proven effective to kill the coronavirus.

Drop-Off & Pick-Up Procedures

Parents will use a buzzer to alert staff that they have arrived and wait for a teacher to greet them. A COVID-19 screening and temperature check will be administered before each child enters school for the day.

Personal Equipment

Students will have their own designated, personal equipment in the classroom. Each student will have their own chair, Personal Activity Pack (PAP), Personal Library, stationery, etc. These will be cleaned & sanitized after each use.

Practice social distancing

Class sizes will be kept well below the mandated cohort sizes by the Ministry of Education. Students will practice social distancing whenever possible. Seating arrangements for work, snack, lunch & activities will be implemented.

Handwashing & Sanitizing

Thorough & proper hand-washing procedures will be regularly scheduled and monitored by teachers. Approved alcohol based sanitizers will be at every activity center & throughout the school.

Stay Home if Unwell

If your child is sick or you suspect your child to be sick, they must remain at home.

Staff may not come to school if they are unwell and must provide a negative COVID-19 test to return.

Personal Protective Equipment

Staff will wear face masks/shields during Pick-Up/Drop-Off Time or anytime they are interacting with parents, building security, maintenance, etc. Gloves will be worn by staff to prepare and serve snack and at lunch time.

Parents will make the decision whether their child will wear a mask during school hours. Staff will fully support and monitor PPE protocols dictated by parents for each child.
